

Cancer Awareness Drive

World cancer day is observed every year on 4th Feb to raise awareness of the global impact of cancer and increase understanding of prevention, detection, treatment and care of cancer patients. Cancer is a leading cause of death worldwide. According to the World Health Organisation, cancer accounts for 7,6 million (or 13%) of all deaths.

Today on world cancer day in order to contribute to the society Ruby Hall Clinic's new hospital in Wanowarie had organized a cancer awareness drive to make people more aware and dispel damaging myths and misconceptions about cancer, under the tagline "Cancer - Did you know".

A rally was organized from the premises of this new hospital which was flagged off by the local corporator Shri Prashant jagtap and the staff ,doctors ,nurses and the management team along with the local residents came together to walk along and spread messages on how to prevent and detect cancer.

This was followed by a public symposium in which renowned oncologists Dr. Minish Jain, Dr. Sujai Hegde, Dr. Bhooshan Zade and a support team addressed the gathering, replying to the various doubts and queries they had regarding this disease.

The symposium was attended by a huge number of people including a sizeable number from the international community. Supporting team Wanowarie of Ruby hall Clinic in this noble cause of fight against cancer was Dr. Mohan Dharia, founder President of the VARNAI foundation, who had graced the occasion as the chief guest.

The guests attending the symposium were also treated to a poster exhibition.

The master of ceremony was Dr. Sonia Basu ,Asst .Medical Director ,Ruby Hall Clinic ,Wanowarie who thanked the public for their huge support in the campaign against cancer.
